PETITIONING THE COURT

TO MODIFY THE CONDITIONS OF SUPERVISION AS FOLLOWS:

Be monitored while under supervision with location monitoring technology at the direction of the probation officer, which shall be utilized for the purposes of verifying compliance with any court-imposed condition of supervision. The offender shall pay all or part of the cost of location monitoring based on their ability to pay, as directed by the court and/or probation officer.

CAUSE

Mr. McDaniel was released from custody on December 24, 2015, commencing a seven-year term of supervised release. To date, the offender has been unable to secure a permanent residence. His placement in a RRC was extended numerous times, as evidenced by the modifications outlined above, to provide him with transitional housing. Unfortunately, Mr. McDaniel is still without permanent housing and further extension of his RRC placement is no longer an option due to lack of available bed space.

Currently, the offender is homeless and without any plan to secure viable housing. He is working with various homeless outreach organizations, but has no current housing options. Because Mr. McDaniel is a registered sex offender, homeless shelters in San Diego, California, will not accept him.

Due to the offender's homelessness, combined with his conviction for a registerable sex offense, the undersigned believes that Mr. McDaniel should be monitored via Global Positioning Satellite (GPS) monitoring until he secures a stable residence. That said, it is respectfully recommended that the conditions of supervision be modified, as outlined above, to include GPS monitoring during this period of homelessness. Mr. McDaniel is in agreement with this modification as evidenced by his signature on the attached Waiver of Hearing to Modify Conditions of Probation/Supervised Release.
